Olyflow **PIPEGUARD™**

Olyflow PipeGuard

The OlyFlow PipeGuard is designed to support rooftop steel pipe, electric conduit, and copper tubing ranging in sizes from 1/2" to 5". It is made from weather-resistant EPDM, which prevents damage to the roof system, while allowing for expansion. It's unique, one-piece, triangular design is engineered to shed water while its wide platform base provides stability and balance.

Features & Benefits

- Built-in EPDM clamp requires no additional parts or tools.
- Extremely fast installation compared to other methods; it usually takes less than 10 seconds.
- Is designed specifically for common rooftop pipes and is easy for any crew member to install.

Application

The one-piece the OlyFlow PipeGuard makes the application fast and simple and requires no tools or additional parts for use. Simply apply pressure to open the top, place over pipe, and rotate into place.

Sizes	
Code	Description
24-PGS-BK	PipeGuard Small Black to suit 19-51mm Pipes
24-PGL-BK	PipeGuard Large Black to suit 63-127mm
